## **Memorial Day Weekend 2017**

Officers will review the information contained within this booklet and use it as a guide while patrolling and enforcing the operational plan.

**Restricted: For Official Use ONLY—Not for Public Release**

Welcome to the Myrtle Beach area for Memorial Day Weekend 2017. On behalf of the Mayor, City Council, City Manager and all City staff we want to thank you for supporting our community. As a member of the law enforcement profession tasked with providing public safety services to the 200,000 plus visitors and residents, your job will be a difficult one. The demands placed upon you will be varied, and you will no doubt experience behavior and incidents you may be unaccustomed to. By keeping a positive attitude and working together as a team, we will successfully get through the weekend event. The City of Myrtle Beach appreciates your contribution to this community, and it is our hope that the experience will be rewarding.

If at any time you have a question or encounter a problem, please contact any member of the Myrtle Beach Police Department or the City of Myrtle Beach, and we will do our best to assist you. You are our guests, and we want to make your stay here as comfortable as possible.

This event has attracted a fair amount of controversy. Law enforcement cannot take sides. If we remember that we are public servants to all people and we act accordingly, then we have accomplished our job with honor. I anticipate that your authority will be challenged, and your buttons will be pushed from time to time. I can assure you also that you will receive praise and thanks from the participants for your professional assistance and response. Don't let the negative issues allow you to lose touch with the positive contributions you can make. We will do our job and do it well, and that's all anyone can expect.

Again, we are glad to have you as part of the team. *Stay safe!*

*Warren S. Gall*  
Chief of Police

## Traffic Plan

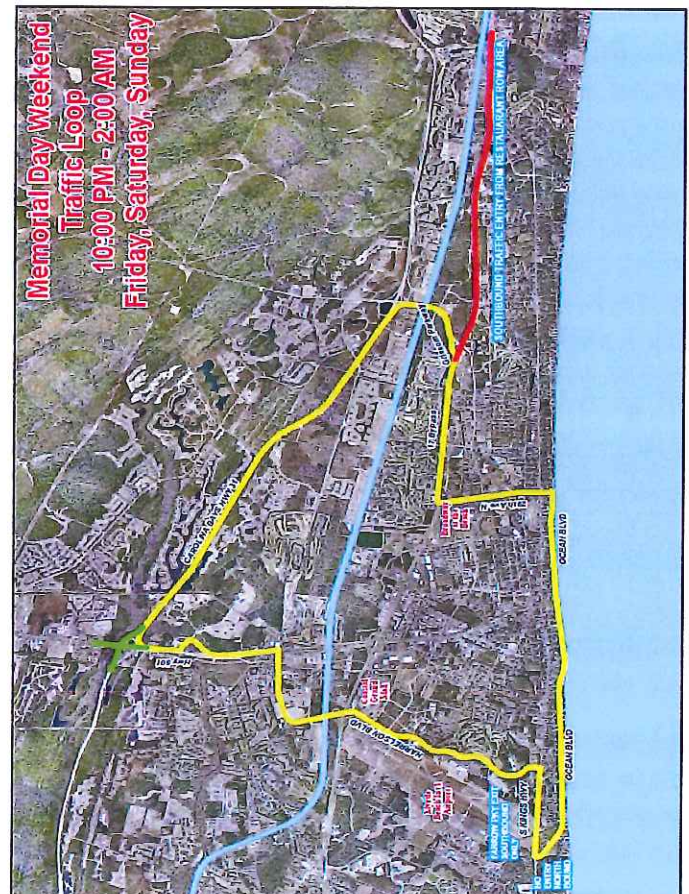

All traffic on Ocean Blvd in Myrtle Beach is one way, southbound, from 29th Avenue North to South Kings Highway. Northbound lanes of Ocean Blvd are reserved for emergency vehicles only.

For safety, pedestrians will be separated from vehicles along five miles of Ocean Blvd, from 29th Avenue North to South Kings Highway. Barriers will be in place to prevent pedestrians from entering the roadway.

The traffic loop routes motorists from 29th Avenue North and Kings Highway EAST to Ocean Blvd SOUTH (right) to Kings Highway (right) NORTH to Harrelson Blvd, (which turns into George Bishop Parkway over the Intracoastal Waterway). Motorists turn left to head WEST on Waccamaw Blvd (which runs next to U.S. Highway 501) to Dick Scobee Road where motorists will arrive at their first exit point at Dick Scobee Road. Motorists can exit NORTH on US 501, SOUTH on SC 31 or NORTH on SC 31. If motorists prefer to stay in the loop they can continue NORTH on US 31, stay to the right and exit onto Robert Grissom Parkway SOUTH, then onto U.S. 17 Bypass SOUTH and continue to 29th Avenue North where they can re-enter the loop.

The loop will be in effect from 10:00 p.m. to 2:00 a.m. from May 26th to May 28th.

Motorists will be able to access Ocean Blvd only from designated avenues that have a stoplight at Kings Highway during non-loop hours. This includes 21st Avenue North, Mr. Joe White, 9th Avenue North, 3rd Avenue South, 9th Avenue South, 13th Avenue South and 29th Avenue South.

### **Suspicious Package/Unattended Packages**

- Unattended Package/item: common item, purse, bag, pack, what has been set down and forgotten. Unattended Package/item with suspicious indicators: discolored package or liquid leaking; wires or batteries visible; placed in a location that may cause significant injuries, damage, or disruption.
- If the owner is not located, the item may be classified as "unattended" and the procedure described below for "unattended package/bag" should be followed.
- Once an "unattended package/bag" is identified, the Unified Command should be notified with a detailed description and location. This information will immediately be relayed to the On Scene Bomb Squad Supervisor.
- An on-scene supervisor should make attempts to locate the owner of the package/bag, without disturbing the item in question. If the owner is not located the on-scene supervisor should follow procedures.
- A Bomb Squad Supervisor or representative will be mobilized and dispatched to the location and initiate appropriate measures.
- The Bomb Squad Supervisor will assume overall control and command of the hazard area. The Bomb Squad Supervisor in Unified Command will keep the Operations Section Chief updated on the situation and outcome.

### **Human Trafficking**

- Human trafficking is more likely than not going to look like consensual prostitution.
- A high percentage of traffickers who use hotels/motels wait in a vehicle in the parking lot of the hotel/motel while their victims are servicing clients in the room. Conduct field interviews with occupant(s) of vehicles and ask to show their keycard or provide friend's name and room number. Check that name with the front desk. Make contact at that room. Be thorough.
- When speaking to individuals suspected of being involved in trafficking (both victims AND suspects), separate EVERYONE by sight and sound before questioning (remember that females can be traffickers and that 'lower-level' girls will try to influence other victims into keeping quiet).
- If it looks like a case of human trafficking, follow lawful procedure in obtaining evidence such as electronics (phones, tablets, computers, etc.) including those belonging to the victims.
- If/when conducting a search related to human trafficking, always remember to look for notebooks, pieces of paper, as these often have client lists, rates to charge for various acts/times, and contacts for other associates involved in trafficking.

## Quick Reference - Arrest Charges

**Sec. 14-222. - Destructive uses of landscape, and the public nuisance uses of parking areas, are a misdemeanor and a public nuisance.**
